Our school initiatives are on track to meet or exceed our targets

During 2016, we focused on maximising the benefits of this funding for our students. After reviewing our 2016 Investing for Success agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our initiatives to ensure that every student succeeds.

Initiatives implemented include:

- Improve school resources to continue to effectively implement a reading program for students in the Early Years
- Implement STRIVE vocabulary program into the school learning culture
- Provide professional development for staff in the areas of literacy and numeracy
- Contribute funds to STLaN fraction using I4S funding to assist in the development of ILP’s and to provide specific support in the areas of literacy and numeracy to verified students; and individual students at risk of not meeting NMS.
